

**COMMITTEE ON COMMITTEES**  
**Thursday, April 20 @ 10:00 a.m.**  
**Zoning Department Conference Room – Orrin King Building**

Chairman Albrecht called the meeting to order at 10:00 a.m.

Present: David Albrecht, Chairman; Jeanette Diakoff, Bernie Egan, John Schaidler and Donald Griesbach

Also Present: Nancy Barker; Donna Lohry; Bill Wingren; Sue Ertmer, Recording Secretary (at the request of the Chairman)

Chairman Albrecht asked for comments from those present before the committee began their deliberations, because once deliberations began the committee would not be taking any more input.

The committee then went through the supervisors' requests for committee assignments.

Chairman Albrecht recommended that the Committee submit a resolution to the Board changing the membership requirements for the Land Conservation Committee and the UW-Education, Extension and Agriculture Committee. The change will be to have only two supervisors serve on both committees and the other three members on each committee would be different. This would allow three other supervisors to receive committee appointments.

After discussions and comments, the committee made the following appointments:
